

### TREADMILL

Johnson's T8000 treadmill was designed and developed to withstand wear and tear. It is robust and at the same time provides all the function keys necessary for work-out motivation.

Built with a 1" hard-wax reversible laminate coated deck, it reduces the friction between the belt and deck to limit damage and therefore maintenance.

Navigation keys allow users to comfortably select or adjust workout programs.

**Hi-Tech Console Display**  
 + Blue Backlit LCD display  
 + Easy to read LED instruction bar  
 + F1 style information panel

**Customized Manager's Mode**  
 + Start speed
